WELSH LANGUAGE POLICY

LLANFYLLIN TOWN COUNCIL

DOCUMENT REFERENCE: LTC-12

ADOPTED DATE: 18-SEP-2024

REVIEW DATE : SEP 2027

Welsh Language Culture

The Town Council recognises and fully supports the Welsh Culture and the Welsh Language.

1. First languages of Wales

The Town Council recognises that Wales has two first languages being Welsh and English.

2. Welsh Language

The Town Council has a policy of providing all documents in Welsh on request. All documents will be published in English with the Welsh availability.

3. Web Site

The Town Council website has both English and Welsh options. Uploaded documents will only be available in English with a notation that all content is available in Welsh on request.

4. All notices

All public notices for elections shall be in both Welsh and English. All Council signage shall be bi-lingual.

5. Moving forward into the future

The Town Council will over time move to becoming more bi-lingual.

6. Reason for Policy

The following was considered when setting the current policy:

I. The cost of providing everything in bi-lingual is excessive for a small Town Council.

II. All documents provided on request is more manageable, cost effective and deliverable.
